

BW-2200

Digital Weighing and Measuring with Auto BMI Calculation

Scale with integrated digital measuring rod. Determination of weight, height and BMI in one single process.

Technical data

Scale:

Capacity: 250kg

Graduation: 100g

Measuring rod :

Measuring range: 110 ~ 200cm

Graduation: 1mm / 0.05"

Dimensions (WxHxD): 62x32x127mm

Platform (WxHxD): 37.5x32x90mm

Weight : 15kg

Power supply: 120/240V AC Power

Functions: Hold, Tare, Auto-BMI

Feature

Easy-read LCD display for weight/height/BMI (0.8"/0.8"/0.5")

High capacity 250kg

kg/lb unit conversion

Auto hold and tare function

Automatic BMI (Body Mass Index) calculation function

Compact Cast-Iron Base

Low level platform with rubber mat for stable footing

Adjustable leveling feet and transport castors

120/240V AC Power cord
